BUY 1 VALUE PACK, GET 1 BOX FASTCHECK15™ FREE!*

Citrisil Waterline Maintenance

Tablets (Sterisil)

Citrisil White and Citrisil Blue tablets continuously disinfect and maintain dental water lines 50x's below the ADA and CDC guidelines. Simply start with one Citrisil Shock tablet (each box includes one Citrisil Shock tablet) and follow with one Citrisil White or Citrisil Blue tablet per refill of each self-contained water bottle. Using distilled or purified tap water, the tablet effervesces and provides a safe, pH balanced treatment. Use Citrisil Blue in place of Citrisil (white). Citrisil Blue produces a light blue tint for visual compliance.

White - 3+1 Value Pack

SafeGauze® HemoStat™

Topical Hemostatic Dressing (Medicom)

Sterile fabric prepared by the chemical treatment of regenerated cellulose. FDA cleared for safe and effective usage in dental practices for the control of bleeding applied to extractions, periodontal surgery and other selected procedures. When contacting blood or fluids the product expands and transforms to a clear, viscous gel which fills and adheres to the conformation of the extraction site.

(570-2000) Package **109.50**

Contains: 20 blister packs with 2 sterile hemostatic sponges per blister pack.

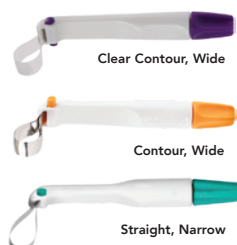

SafeBasics High Volume Evacuator Tips (Medicom)

Single-use, high-suction evacuation tips with 45° angled tip for reduced-splatter and optimal aspiration. Straight handle provides enhanced control and direct access to working area.
